## Summary

UI/UX Designer with **3+ years of experience** designing enterprise and product-led experiences across BFSI, Automobile, Healthcare, and IT sectors. Strong background in UX research, interaction design, and end-to-end project design for large scale web and mobile applications. Experience in collaborating with clients, users, and cross-functional teams to deliver scalable and user-centered digital experiences.

## Experience

### UI/UX Designer

LTM (formerly LTIMindtree)

July 2023 – Present  
Pune, Maharashtra, India

- Designed and enhanced user experiences across **multiple enterprise platforms and mobile applications**, supporting BFSI, project delivery, and employee experience initiatives
- Conducted UX research including **user interviews, surveys, usability testing, competitive analysis, UX audits, and stakeholder empathy sessions**, synthesizing insights into actionable design recommendations
- Led end-to-end design of a **mobile-first employee-centric intranet experience for 50K+ employees**, focusing on simplifying high-frequency, on-the-go interactions
- Led discovery and service design for a large-scale **project delivery ecosystem**, creating service blueprints and experience frameworks that guided the unification of multiple systems into a single integrated platform
- Drove **end-to-end UX** from problem discovery and service design to wireframes, prototypes, and high-fidelity execution for **web and mobile platforms**, ensuring consistency and scalability across systems
- Collaborated with product owners, engineers, and leadership teams in Agile environments
- Supported presales initiatives by providing **UX concepts and experience inputs** for POC, RFP and RFQ engagements

### UI/UX Design Intern

LTM (formerly LTIMindtree)

Jan 2023 – Jun 2023  
Mumbai, Maharashtra, India | Hybrid

- Contributed to the **conceptualization and UX research** for an early-stage digital platform, engaging with key stakeholders to understand needs and constraints
- Translated **research insights into user flows, wireframes, and high-fidelity designs** in collaboration

## Education

### University of Petroleum and Energy Studies

M.Des in Interaction Design | CGPA: 8.88

Dehradun, India  
2021 – 2023

### Shri Shankaracharya Institute of Professional Management and Technology

B.Tech in Computer Science | 72.58%

Raipur, India  
2017 – 2021

## Publications & Accolades

### Google UX Design Professional Certificate

Coursera

Issued Apr 2025

### Secure Cloud Simulation Using Elliptic Curve Cryptosystem Algorithm (ECC)

Authors: Sumitra Samal, Srijan Tiwari, Surbhi Tripathy, Vinay Pandey

Research Publication

## Skills

**UX Research & Strategy:** User Interviews, Usability Testing, Surveys, Personas, Journey Mapping, Service Blueprinting, Heuristic Evaluation, UX Audits

**Product & Interaction Design:** Product Design, UX Design, UI Design, Enterprise UX, Information Architecture, User Flows, Wireframes, Prototyping, Accessibility (WCAG 2.2)

**Tools & Delivery:** Figma, Framer, Miro, Asana, Adobe Creative Suite (Adobe Photoshop, Adobe Illustrator, Adobe XD), Microsoft Viva Insights and Power BI, HTML, CSS, JavaScript

**Methodologies:** Agile, Design Thinking, Double Diamond, Design-to-Dev Handoff
